DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 4-6 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Morgan (US 2,108,941).

Morgan discloses a bicycle derailleur adapted to mount to a threaded shaft that fixes the derailleur to a bicycle frame, wherein the derailleur comprises: a base member (7) including an engagement member (9) for nonrotatably engaging the bicycle frame; a threaded member (4) coupled to the base member for engaging the threaded shaft (6); a chain guide (1,2,3); a coupling mechanism (27,28) coupled between the base member and the chain guide so that the chain guide moves relative to the base member (col. 3 lines 46-53), wherein a portion of the base member (7) overlaps the threaded member (4) when viewed perpendicular to the threaded shaft (see Fig 4).

Re claim 2, the threaded member (4) comprises a female threaded member.

Re claim 4, the engagement member comprises a projection that engages the bicycle frame (see Fig 1).

Re claim 5, the bicycle frame includes a slot to support a hub axle of a wheel hub therethrough, and therein the projection is structured to engage the slot (see Fig 1),

Re claim 6, the coupling mechanism comprises: a movable member (28) that pivotably supports the chain guide; and a link mechanism (unnumbered member with cables running through it) adapted to be connected to a shift cable assembly so that the link mechanism moves in response to movement of the shift cable (see Fig 5).

Re claim 13, the threaded member comprises a female threaded nut member (4).

Allowable Subject Matter

3. Claims 3, 7-12, and 14-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
